Coach's Duties

In accordance with district policy and the coach's job description, the coach has the duty to:

Instruct Participants

The coach should employ the latest methods or proper instruction using sound progression in presenting motor skills. If an injury occurs while using an improper instructional method, negligence may be present.

Warn Participants

The coach should inform all athletes and their parents of the inherent risks involved in participation in the particular sport, including the very small risk of infection with a blood-borne pathogen. The coach must describe, using a variety of methods, the catastrophic and common non-catastrophic injuries unique to the sport.

Supervise Participants

The daily plan should show how the coach plans to conduct general supervision of the sport, and how he/she will supervise specific drills and other components of the daily practice. Adequacy of supervision should be reviewed in terms of quality and quantity. Factors to consider include, but are not limited to: the age of the students, the size of the students, the equipment involved, the maturity level of the students, the first aid equipment and training available, the appropriate certification of supervisors where required, and the safety training of the personnel involved.

Provide Safe Equipment and Facilities

Equipment should be properly fitted and maintained. Athletes should be instructed on how to conduct a daily inspection. Facilities should be free of hazards and inspected regularly.

Maintain Records of Injuries

A report should be completed for each accident. Injury reports should be maintained for a period of five years after the student's 21st birthday.

Evaluate Fitness of Participants

The coach has a duty to evaluate the physical fitness, the medical condition, and the skill level of athletes. Failure to evaluate and maintain records of those evaluations may be cause for negligence should an injury occur involving fatigue or lack of skill.

Provide Equal Protection and Due Process

While participation in co-curricular activities is a privilege, a participant who allegedly violates the conduct code must be afforded the opportunity of a fair hearing.

Transport Athletes Safely

A coach has a duty to see that athletes are safely transported to and from contests and to and from practices if practices are held at sites other than the immediate school grounds.

Group Participants

The coach has the duty to employ a recognized system of grouping for participants in a particular sport that will avoid unequal and unsafe participation, based upon skill level, age, maturity, sex, size and experience.

Foresee Danger

A coach should be able to reasonably anticipate foreseeable dangers that may occur if the activity is continued in a facility, or with equipment, or in a situation, and take precautions protecting the children in his/her custody from such dangers.

Protect From Loss

A participant is required to present evidence that he/she is covered by an accident policy. A blanket catastrophic (“no fault”) insurance provides coverage for serious injuries.

The duties listed above are not meant to be comprehensive. In carrying out the duties of the assignment a staff member is expected to act as a reasonable professional would have acted under similar circumstances. A staff member who supervises a sports activity is expected to know the intricacies of the activity that he/she is leading.

Summer Sports Activities/Clinics

Rules governing out-of-school and/or out-of-season student sports participation are as follows:

- A. A practice is defined as a teaching phase of a sport to any present, past or future squad member while a student in grade 7-12 during the school year or during the summer. The school may not sponsor, promote or direct activities which resemble out-of-season practices or contests during the school year or summer.

A school staff member who sponsors, promotes or directs such activities during the summer vacation shall clearly indicate that he/she is operating independent of the school district. As such, the school district shall be free of liability associated with the activity.

- B. Students shall be advised that participation in a commercial summer camp or clinic or other similar type of activity shall not begin until the conclusion of the final WIAA state tournament of the school year.

Participants in a fall school sports program may not attend any summer camp/clinic in that sport after August 1 until the first fall sports turnout. The school should announce by school bulletin that summer sports camp/clinic is neither endorsed nor sponsored by the district.

- C. A coach (contracted or volunteer) may not sponsor, promote, coach or direct activities which resemble out-of-season practices or contests in the sport they coach to any of their squad members or future squad members (grades 7-12) until after the school year’s final WIAA state tournament.
- D. The use of the school bulletin board, public address system or school newspaper for promotional purposes to announce sports clinics/camps shall fall within the same guidelines as applied to other commercial endeavors.

- E. School facilities to be used for summer activity and/or sports camps may be rented consistent with the rates, rules and regulations applicable for other commercial uses.

A user shall hold the district free and without harm from any loss or damage, liability or expense that may arise during or be caused in any way such use of school facilities. Authorization for use of school facilities shall not be considered as endorsement of or approval of the activity group or organization nor for the purposes it represents.
